DETAILED ACTION***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-2, 4-9 and 12 are rejected under 35 U.S.C. 102(b) as being anticipated by JP 05-112778.

The reference discloses a liquid crystal composition containing a difluoromethylene compound of formula I

wherein A^1 , A^3 and A^4 are each trans-1, 4-disubstituted cyclohexylene or 1,4-disubstituted phenylene; A^2 is 1,4-disubstituted phenylene; Y is -OCO-, -CO- or a single bond; Y is -C≡C-, -CH=CH-, -CH₂CH₂-, -OCH₂-, -CH₂O- or a single bond; Z is O or S; m and n are each 0 or 1; R₁ is 1-10C alkyl, alkoxoy, acyl, alkoxycarbonyl, halogen or cyano; and R₂ is 1-10C alkyl or alkoxy. The reference formula I reads on the present formula (1). Particularly, see the compound of formula 7 in Example 5 [0082]

. Also, see the compounds in section [0084]. The reference further teaches that the optically active compound can be added to liquid crystal composition in Example 22 (see section [0170]).

Art Unit: 1756

The reference anticipates the claimed invention.

3. Claims 1-8 are rejected under 35 U.S.C. 102(b) as being anticipated by CAPLUS 1967: 489834.

The reference discloses a compound of RN 17451-26-2, which anticipates the claimed compound.

4. Applicant's arguments filed 10/20/06, with respect to the rejections in the previous Office action have been fully considered and are persuasive in light of the newly amended claim.

Therefore, the rejections have been withdrawn. However, upon further consideration, new grounds of rejection are made in the sections 2-3 above.

5. Claims 13-25 are allowed.

6. Claims 10 and 11 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Art Unit: 1756

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
